# Oasis Elementary School PTSO

Oasis Elementary PTSO is participating in the School Cents program hosted by Arrowhead Mall.

This program is similar to the Fry's Cool Ca\$h we participated in last year. However, receipts need to be taken to the customer service desk at the Mall or to the Oasis office. It is a program that gives our school FREE money for simply shopping, something most people do already.

Since our community is located so close to Arrowhead Mall, we should be able to have good success at this program. Even though school starts before the program begins, it would be very beneficial to wait on your back to school shopping until after the program starts.

The following is a description of how the program works.

Once you have received your award, please be sure and let your supporters know how much their efforts have helped.

Dear Teachers,

Congratulations! Last year's participation in the Earning 4 Learning program brought us \$1716.00 to use for our kids. We all worked really hard to earn first place. It was decided that we would divide it up equally among the teachers for them to use towards their classrooms for the 2008-2009 school year. Please use this Target gift card for your classroom supplies/set up. You each have \$59!

For this coming year there are more schools participating in the program so if we work hard and earn first place again, we will receive closer to \$1000.00. They keep the prize money at \$15,000 to be divided up between 30 schools. Please start a conversation between each other to decide if the money should be divided up equally as it is this year, or if we can buy something for the school. The only rule is that it has to benefit the kids. Use your imagination. Digital cameras and A/V equipment are even okay'd. As long as the item can be used for the kids, we can do it for the school.

Congratulations and happy spending!
